

SANTA FE CASTS COVETOUS EYES AT TEXAS CENTRAL

But President Ripley Is "Not
Prepared to Discuss It"

COMPANY ANXIOUS TO FIND
SOME WAY INTO WACO

Galveston, Tex., Nov. 18.—President E. P. Ripley, of the Atchafalaya, Topeka & Santa Fe, and a party of the officials arrived here this week and after spending the day inspecting the company's properties here, left on their tour to the Pacific coast. The party is traveling in a special of three cars and expect to conclude their trip so that they can return to Chicago for Thanksgiving day.

President Ripley says he and his party are making a tour of inspection of the system and that there is nothing in it out of the ordinary. The all absorbing question of the present visit to Texas has aroused the press to comment upon the Santa Fe's other getting control of the Texas Central or securing track arrangements with the Cotton Belt to enter Waco by this route. President Ripley was not prepared to discuss these propositions. It was not expected he would and yet it would not be out of the line of possibilities for the Santa Fe to acquire the Texas Central.

It is known that the Santa Fe would like very much to get into Waco. There is no denying that fact. It is also understood negotiations were opened with the Cotton Belt with a view of using the latter's tracks into Waco via McGregor. The status of these negotiations is not known, but it is believed they are still pending and that before many months the Santa Fe will get into Waco. It is quite likely the Cotton Belt will permit the use of its tracks if it gets what it wants for the privilege and if the Santa Fe is willing to give what is asked. It is expected, however, that any arrangements along this line will be announced first from the headquarters of the rail division of the system at Galveston.

As to the Texas Central, it is understood the Santa Fe would buy this line if terms could be arranged and the Texas Central owners would sell. Whether any advancement along this line has been made is not given out. President Hamilton of the Texas Central declares positively the property is not for sale and maybe he is right. Yet it might be sold without his saying so in print until the deal has been consummated.

President Ripley could not promise that the causeway would be built this year, and while willing to admit that it might be a good thing he was not prepared to say just what the Santa Fe might do should the proposition become serious.

IMPROVEMENTS AT TRINIDAD INSPECTED BY ENGINEER

J. E. Richards, consulting engineer for the Santa Fe, who has been in Trinidad for the past week, looking over the work done towards protecting the Santa Fe property from the encroachments of the river, has left for Itasca, stopping en route to take in the work of double tracking the tunnel.

Some important work, besides the concrete wall that when finished will protect the Santa Fe property, will be the filling in and leveling of the Santa Fe grounds. The section men are already at work, filling in the space between the platform and the park with finely crushed rock, which when it has been driven over will harden like macadam.

CALIFORNIA LIMITED REMAINS THE "CRACK" TRAIN

The California Limited train, both east and west, is running heavy, said Assistant General Passenger Agent George W. Hagenbuch in Kansas City. "Another thing that tends to get business is that the train is on the dot at every terminal, and this is soon known to the traveling public. To be sure the train has not been in daily service only a few days, but with the heavy freight traffic, the special we have had on the line, it shows that the management proposes to have this train on time or there will be some explaining done by those handling the train.

Kansas City will be well represented in California, the winter, judging from inquiries made, and reservations ordered. The patronage given the limited train simply shows that good, safe, prompt service will win and make a road popular.

AUTOS WILL PROBABLY CARRY THE MAIL

Notice of advertisement for bids for carrying mails from Roswell to Topeka and from Topeka to Roswell was posted in the local postoffice today by Postmaster Kellahan, upon order of George B. Cortelyou, postmaster general. The notice calls for a daily service each way, Sunday included. The mail is to be delivered at 11 a. m. each day and reach Topeka no later than 10 a. m. the same day. It is to leave Roswell at 4 a. m. and reach Roswell no later than 12 o'clock noon. The distance is 110 miles. The bidders must accompany their bid with a bond of \$10,000 to make it worth consideration.

There will probably be but one bid for the route, and that will be by the Roswell Automobile company, in fact it was this company the inspector had in mind when he arranged to have the route established. The auto company will probably get the contract. If it does, better service will be rendered. It will be daily and made possible from a financial standpoint. It means a big advance for the auto company.

HURLEY REFUSES TO TALK ABOUT FIREMEN

After their conferences of yesterday with James E. Hurley, general manager of the Santa Fe, Alfred Lovell, superintendent of motive power, F. C. Fox, general superintendent, F. N. Kistner and C. M. Taylor, the mechanical superintendents of the eastern and western divisions, the members of the joint protective board of the firemen employed on the line between Chicago and El Paso, held a meeting this morning in the A. O. U. W. hall at Sixth and Jackson streets, says the Topeka State Journal.

This meeting was devoted to a final consideration and discussion of such minor grievances as the board had presented to the officers of the road.

nied, and after the meeting was over the members of the board again visited Mr. Hurley's offices and entered into another conference with him and the other officials.

SMALL FIRE IN SHOPS AT THE MEADOW CITY

Fire was discovered at the Santa Fe shops last night a few minutes after 10 o'clock, and the alarm was given by the big whistle at the shops and the whistles of the locomotives in the yards, says the Las Vegas Opic. The fire alarm was sounded and the east side fire department made a fast run to the scene of the fire, but before the ladders arrived the flames had been extinguished. There are several reasons given for the fire, which burned up one of the clothes lockers but the most probable explanation is that one of the pipes in the coal pocket with fire in it. His clothes were destroyed with the cupboard.

The Exact Thing Required for Constipation

"As a certain purgative and stomachic purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says B. S. Webster & Co., Odessa, Ontario, Canada. For sale by all druggists.

WE DEPEND upon the patrons of this store for its most effective advertising. Every one of our customers will some time—somewhere—say words that count for or against us. It is a fact of which we are keenly sensible that one dissatisfied customer can do us more harm than temporary injury. This being so we cannot afford to have displeasure on the part of our customers—any of them—great or small—rich or poor—and if anything has occurred or shall occur in the course of trading here that is unsatisfactory, will you not as an especial favor advise us of the facts and we will most gladly adjust the wrong. We know our friends will not expect us to smooth up the little rough spots and annoyances until we have learned of their existence.

**Your Handkerchief Plans Must
....Be Made Soon....**
Every time you buy Handkerchiefs you want good ones, pretty ones, linen ones. Because of the peculiar absorbent qualities of linen no other fabric makes such good handkerchiefs. A linen handkerchief here means LINEN and we do not put on a fancy price to make you pay for this virtue. We sell Pure Linen Handkerchiefs as low as FIVE CENTS and up to FIVE DOLLARS each, all depending upon the amount of work which has been expended in their production. The following will help you in your selection:

MEN'S HANDKERCHIEFS
